## Summary

My name is Nasir Firdaush, and I am a full stack software developer with a degree from Galgotias University. With one years of experience in the software development industry, I possess a deep understanding of the software development life cycle and have successfully delivered high-quality solutions to clients.

My primary area of expertise is in JavaScript, React JS, HTML, CSS, and Bootstrap, and I have extensive experience in designing and developing responsive web applications. I have a keen eye for detail and strive for excellence in every project that I work on.

In addition to my technical skills, I am an excellent communicator and work well in a team environment. I believe that collaboration and open communication are key to delivering successful software solutions.

Overall, I am a motivated, dedicated, and highly skilled software developer who is passionate about delivering exceptional results to clients. I look forward to continuing to expand my skill set and take on new challenges in the software development industry.

## Experience

### Frontend Developer

Abaris Softech

May 2022 - Present (11 months)

My primary responsibilities as a Front End Developer include collaborating with the design team to implement pixel-perfect designs, ensuring that the web pages are optimized for maximum performance and usability, and writing clean, well-organized, and reusable code. I am also responsible for debugging and troubleshooting issues related to front-end development, and ensuring that the website meets accessibility and web standards.

### E-commerce web Application

Galgotias University

Jan 2022 - Mar 2022 (3 months)
